The above-quoted fee is based on approximately _____ creditors, of which client must supply names, addresses (including zip codes), approximate current balances and account numbers. The fee is to be paid in full before filing. There is an additional charge of \$25.00 for all returned checks. We do not accept post dated checks. All information must be supplied by client before petition is filed with the Bankruptcy Court, please try to list every possible creditor because there is an amendment fee for additional creditors after the petition is filed. If our office is not supplied with the necessary information to file your petition within 30 days of the date of this agreement, client will forfeit any fee paid to date and we will close our file under the assumption that you do not wish to pursue your Bankruptcy. Also, if client changes the petition for reasons other than our error, there may be additional charges.

The fee that you have quoted is based upon the presumptively reasonable fee. The presumptively reasonable fee has been determined by **ALL** of the Judges in the Tampa Division of the Bankruptcy Court for the Middle District of Florida. The presumptively reasonable fee will include all of the services normally required for a Chapter 13 Case. If the Attorney is aware of additional services that will be required in any given case, the Attorney may also have included these services. In the event that the unanticipated need for additional services arise, the Debtor and the Attorney agree that the Attorney may request additional fees in accordance with the fee petition process.

If the lawyers believe that such additional services may be necessary; they will attempt to advise the clients of this possibility in advance. However, the Attorney may not include such issues which might come up in the client's case in the advance fee in order to save the client money in the event the issue does not arise.

If the attorneys know in advance that such actions will be necessary and have included a fee, this fee is a minimum fee which is based upon the estimated amount of time required to complete the services if not seriously contested. In the event there is opposition and additional research, pleadings and hearings are necessary these services will be billed for at \$300.00 per hour for attorney Sheila D. Norman, Esquire and \$275.00 for attorney Walter G. Bullington, Jr., Esquire. In the event paralegal services are required or used in order to reduce overall expense, paralegal time will be billed at \$85.00 per hour. A discussion of your options with respect to these various issues, including an explanation of the likely costs in pursuing or responding to same, is included in the fee. In a Chapter 13 Case, such additional fees and costs will be determined by the Court and paid through the Chapter 13 Plan. It is customary for additional fees to be paid through the Chapter 13 Plan and a fee of \$3,600.00 (not including the filing fee) is currently presumed to be reasonable in all Chapter 13 cases. There are also a number of additional add on components that can be significantly increase this minimum fee. Additional fees based upon a fee application could be awarded by the Court for an increase in the presumptive fee.
